## There are some changes on the horizon...

But before we must look back over the 2022/2023 Jumps season as it was not an easy one to digest...

The British weather is perhaps the most talked about subject in most households and Thorndale was no different to others when we recall the incredibly dry Autumn and early Spring and in between there was a bit of everything from snow to rain.

Our season here was very similar as we had a good autumn right up to Christmas and then we had a very quiet period when nothing seemed to go right but in the spring it all changed and the horses ran out of their skins.

We certainly had some great moments...

**Gerard Mentor** started our season off with an unexpected win at Market Rasen. Probably helped by the fact that the saddle slipped and he got such a shock that he took off under Kevin Brogan. Kevin was the 2021/2022 season conditional jockey find.

**Shantou Express** proved that he could stay 3 and ¼ miles around Stratford carrying 12 stone. A fine feat although I am not sure he really stayed, but it was a good result. We had loads of seconds in June and that was broken by **Halligator** winning at Uttoxeter. I have never seen a horse carry his head so low. Our only winner in July was Julie and David Martin's and Dan Hall's **Ajero** winning at Glorious Goodwood which was a huge result and one that

showed his second at Royal Ascot was no fluke. Jumping for **Ajero** has become a distant memory.

We hardly had a runner until October when **Gerard Mentor** won his second race over hurdles at Warwick... He arrived in front with a fine waiting ride for new stable conditional Kai Lenihan. **Gerard Mentor** went on to win two more races with his new jockey friend Kai. I have to say that winning four in a season with GM was not something we really would have expected but learning how to ride him certainly helped...I think we had a saddle slip and Kevin Brogan to thank for that!

Norman Carter's consistent **Samatian** won at Stratford and was placed in his next five runs. Don't you just love the handicapper!! It was then John Perriss's homebred mare **I Spy a Diva** who won next at Ludlow. This tough little lady went on to win three on the bounce and fill John's pockets with a few welcome GBB prizes. She finished her season with a cracking run at Cheltenham in April when finishing a good third in the listed mare's novice hurdle, but then the handicapper penalised her 5lbs for the effort!

Ffos Las has been a lucky racecourse for us over the years and the KBRs **Shinobi** kept the ball rolling there and two days later last season's

bumper winner **Chianti Classico**, owned by Francis Brooke and Richard Pilkington slightly surprised us with a huge win at Chepstow in what looked a very competitive novice hurdle on his first start over hurdles. On the same day John Perriss' **Getawapon** won at Bangor. Three days later and a rare visit to Fontwell saw Michael and Mary Dulverton's **Sayadam** to win by a nose.

Back at Ffos Las in November **Phantom Getaway** proved to be very well handicapped when winning under Ciaran Gethings in the mud. Yes...the mud!

**Does He Know** who had such a good season in 2021/2022 took his form to a new level when carrying 12 stone over 3 and half miles at Cheltenham. What an extraordinary horse he is, quirky but very tough. DHK went on to be placed in The Denman Chase at Newbury and then a niggler stopped his season.

Phil and Gill Andrews's **Party Fuzz** skipped round Hereford beating a well touted Gordon Elliot horse, but in all these cases the handicapper had his say and made the rest of his season difficult until he relented, and then he so nearly won his last race of the season at Chepstow...yes...second!

It was back to Ffos Las and very soft ground. Probably the only racecourse to offer those conditions? The Turf Club's **Broomfield Present** and The Real Partnerships homebred **Trelawne** had been waiting and waiting for that ground, and both relished the opportunity to show off their ability and both won well...shortly after **Chianti Classico** followed up his Chepstow win at Market Rasen.

**Moonlighter** owned by Huw & Richard Davies and Friends (many) also added another winner to the board. A couple of days later **Heros De Romay** just about made all in the bumper at Exeter. John Perriss's **Top Target** won on his first hurdle start at Wetherby.

We had been struggling with John Perriss's **Rockys Treasure** and then a golden opportunity arrived in a Conditional Jockey Veterans chase at Doncaster, Kai and Rocky did not let us down. What a great win to retire him on. Shortly after that John Perriss, who had such a great early season with his horses, saw his **Bobhopeornohope** win the Tanners Claret Chase at Ludlow. Both John and I enjoy the sponsors products and an ideal way to end 2022. Well not quite as Jem Cross's **Saint Bibiana** did that for us in the last race of the year, the bumper, at Uttoxeter.

2023 and January started with **Chianti Classico** winning at Wincanton on rain softened ground which was not ideal for him.

We then had a torrid time for about 5 weeks until it suddenly all came together for no apparent reason when **Trelawne** spread eagled a competitive field at Uttoxeter on his preferred soft ground. Then five days later it was double time at Haydock with Peter & Fiona Woodhalls and Mark & Melinda Laws **Equus Dreamer** and The Turf Clubs **Broomfield Present**, who both put up impressive displays.

We hardly had a runner for a month due to the drying ground and then the weather relented. Kim Bailey Racing Syndicate horses **El Rio** and **Two for Gold** won at my favourite racecourse Ascot. They were two

impressive performances, sadly I watched both from my hospital bed!

**Picks Lad** won at Taunton. Well, did he? he was second and moved up to first, thankfully the appeal was turned over and **Picks Lad** kept his race...deservedly so!

Our last winner of the season was the hugely impressive **The Kemble Brewery**. This KBRs owned horse, who also runs for the charity Winston Wish certainly took the eye and went into many a notebook for this coming winter.

Our last runner of the season was Tony Solomon's **First Flow**. The ultra tough **First Flow** so enjoyed his run at Sandown, when second to Hewick, that we all decided to keep him going for another season. What a trooper he has been to the yard over the years - he just loves his racing!

All in all, it was not an easy season, although we finished with the same number of winners (34) as the previous season. Too many seconds meant that we really felt we should have had more winners!

During the summer months we have resurfaced our round gallop with new sand plus everything in the yard has been steam cleaned and disinfected. Concrete in the yard has been repaired too.

There have been a few changes over the summer, the most notable one is that Charly Bond has joined us as Head Girl. Leigh Pollard continues as Travelling head person while David Bass and Ciaran Gething continue to ride most of the horses along with Kai

Lenihan, who remains our conditional jockey, and Lauren Keen-Hawkins who holds her amateur license. Sandie Wilkinson remains to be the power behind the office throne when it comes to accounts. Maya Quist took over the role as my PA and day to day office work. Peter Kerr continues to do sterling work organising our Kim Bailey Racing Syndicates (KBRS). Then it comes to a very long-suffering wife...Clare has had a torrid year with me. Thankfully those horrid corners have been turned, but without her strength and patience where would I be.

Moving on, as you know Mat is very much part of Kim Bailey Racing Ltd. Mat has been here at Thorndale for the best part of 15 years and his help has been so valuable, and on that note, it is only fair that I can announce that he will be joining me on my licence over the coming months. I have one more milestone to pass and then it will be all change.

Looking ahead for the coming months it is going to be very exciting as we have some special horses to run. We should have more chase runners this season as many of the youngster that have come through from the Irish and English point to point world are now ready to move over to the larger obstacles.

So, to my loyal and happy band of owners. Thanks for the support and let's have some serious fun and success this winter!

## Ajero

OR 97 FORM 2103-904

2015 b.g by Red Jazz ex Eoz

Julie and David R Martin and Dan Hall

Ajero has proved to be a real star for the yard. After an extended winter break, we decided to aim him at Royal Ascot once again. After a pipe opener at Pontefract, he showed huge improvement at York and we headed to Royal Ascot confident of a good run. He produced a brilliant performance to finish 4th off a much higher mark than the previous season. Perhaps the draw and lack of pace costing him second place. His season was unfortunately ended early and we hope to have a third go at Ascot next term.

## Behind The Veil

OR - FORM unraced

2018 b.f by Kayf Tara ex Amazing D'Azy

Mr & Mrs K R Ellis

Behind The Veil is full sister to Thrutheglookinglass, she didn't make it to the track last season but she showed plenty at home. She has certainly had plenty of time to mature and is one we are hoping to get out quite early in a mare's bumper before going over hurdles later in the season.

## Amazing Cleni

OR - FORM unraced

2020 gr.g by Balko ex Cleni River

May We Never Be Found Out 3

Amazing Cleni is new to us this year, he came to us from The Costello's, the same source that provided his owners with Two for Gold. He is a lovely big horse with a fine attitude. Although we haven't done much with him so far, we very much like what we see.

## Bobobhopeorno hope

OR 140 FORM 12/314P-

2015 b.g by Westener ex Bandelaro

Mr John Perriss

A smashing old-fashioned handicap chaser. He started his season with a good run at Ascot, finishing third in what was a very hot race. We went back to his beloved Ludlow for his next start where he produced an unbelievably tenacious win under 12 stone to hold on by a neck having made virtually all. He took some time to get over that race and we stepped up in class for the Coral Trophy at Kempton next time where he finished a gallant fourth. He was not at his best on his final start, we have tinkered with his wind over the summer and look forward to a good campaign in decent class Handicap Chases.

## Bare Assets

OR - FORM 1/

2017 b.m by Konig Turf ex Lady Hawk

Mrs Anne-Louise Game

Bare Assets is a good-looking filly who was working nicely and was almost ready to make her racecourse debut for us when meeting with a set back and having to miss the rest of the year. She was late coming back in from her summer break and did particularly well at grass. We will take our time with her but hopefully she should be ready to make her debut for us around Christmas - we are hoping she is a filly that has been worth waiting for!

## Brendas Asking

OR - FORM F235-

2018 b.f by Ask ex Lost It

Dr David Carey (Not the Turf Club)

A lovely strong mare who joined us from Cheltenham November sale and soon fitted in to our way of doing things. She was very forward going in her work and we headed to Huntingdon for her debut hopeful of a very good run. She made smooth headway off the home turn and finished a credible third only beaten by three lengths. We then ran her in another bumper at Southwell where she found the soft ground hard going but still finished a decent fifth. She will give her owners plenty of good days out this season in the Mare's Novice Hurdle series.

## Broomfield Present

OR 127 FORM /41/121-

2016 b.g by Presenting ex Diklers Oscar

The Turf Club

Broomfield Present made his belated debut for us at Ffos Las in November and relished the very heavy ground to stay on well to win his Novice Hurdle. We took him to Catterick full of hope that he would follow up – he ran into a good horse and finished second under a penalty. After a short break he made his handicap debut at Haydock and ground out a very tough win from the front. The ground dried out and we put him away after that - he will head over fences this winter and he is one we are very excited about.

## Does He Know

OR 157 FORM 210/F13-

2015 b.g by Alkaased ex Diavoleria

Yes He Does Syndicate

Does He Know has been fantastic for all connections. He is just brilliant to have around the place and it is a bonus that he thrives at Cheltenham. After going all the way to Kelso for his seasonal debut, he was knocked over at the first through no fault of his own. This meant we headed to Sandown for a Graduation Chase however once again fate intervened and the meeting was abandoned due to rain whilst he was in the paddock. With no options left we went to Cheltenham over 3 and ¼ miles and he showed all his ability and tenacity to win going away under a huge weight. This was followed up by a good run in The Denman Chase at Newbury. We are not sure where we will start off this season yet but with his handicap mark options are limited, he should continue to pay his way in high class staying chases.

## Chianti Classico

OR 133 FORM 10/111P-

2017 b.g by Shantou ex Ballinderry Lady

Brooke Pilkington

Chianti Classico had a terrific season, starting off at Chepstow in what looked a very hot novice hurdle he jumped for fun and won nicely. We then went to Market Rasen where he carried his penalty in good style. He then he made his handicap debut at Wincanton and impressed us once again on very heavy ground. The Cheltenham festival seemed a bridge too far and we look forward to his novice chase campaign this winter. He is a very exciting horse.

## El Rio

OR - FORM 7/01F1-

2017 b.g by Elusive Pimpernel ex Princess Jaffa

Rio Grandees

El Rio joined us after Christmas from Kevin Ross and was soon showing plenty on the gallops at home. We went to Chepstow first time expecting a big run, to say our luck was out at the time would be an understatement and he crumpled over the last when clearly winning. Thankfully he came home in one piece. We then headed to Ascot in better form towards the end of the year where he made every yard there and was very impressive running out an easy winner. He will now be heading over fences – where he should show up very well in staying novice chases.

## Destroytheevidence

OR 123 FORM 53-31

2018 b.g by Kayf Tara ex Mathine

Phil & Gill Andrews

A lovely well-bred individual who made his debut in a bumper at Huntingdon in January before improving greatly to be placed at Doncaster. We headed over hurdles at the turn of the season and he finished a good third before showing masses of improvement to win easily in a staying novice hurdle at Worcester. He has had his summer break and looks to have improved physically. He will remain in novice hurdles and we are excited to see how far he can progress.

## Equus Dreamer

OR 127 FORM 42/351P-

2015 ch.g by Getaway ex Thornleigh Blossom

Mr & Mrs M Laws and Mr & Mrs P Woodhall

A solid handicap chaser who started his season off with a good third at Carlisle before running in snatches at Exeter – something he had done before. He had a short break to freshen up and a wind up before returning in great form to make all at Haydock. With the ground drying out we went to Ffos Las but the race came a little bit too soon. He should continue to give his owners lots of fun on soft ground this winter.

## Espoir De Romay

OR 150 FORM 33P/52-3

2014 b.g by Kap Rock ex Miss du Seuil

The Midgelets

A horse who has never been the easiest to train but has plenty of ability. We finally managed to get him back on track at Exeter in February to finish 5th in a handicap hurdle. He improved from there to finish second in a big field at Ascot and ran an equally good race at Uttoxeter on his final run of the season to finish third. It has been great to get him back on track, we are yet to decide whether he stays over hurdles or goes chasing.

## First Flow

OR 158 FORM 613/3F2-

2012 b.g by Primary ex Clonroche Wells

A N Solomons

A real yard favorite who started his season with a great run in the Peterborough chase. The slightly quicker ground meant the younger horses were too quick! He still ran a very good race to be third. He then surprised us all by falling for the first time in his career at Ascot. We did not run again until the last day of the season at Sandown where he showed all his old attributes to jump and battle well to finish second in the Grade 2 over 2m 6f. He seems in great form at home and as long as he still shows his love for the game we will continue with him. Pray for a wet winter!

## Faerie Cutlass

OR 92 FORM 76570-12

2018 b.f by Black Sam Bellamy ex Faerie Reel

Mrs E Kellar

Faerie Cutlass is a home bred filly who was quite backwards and took a long time to get the hang of things. She came good on her second handicap start at Worcester in May staying on strongly to win like a progressive mare and then she was very unlucky to run into a well handicapped horse at Southwell on her next start. She has had a nice break and will be back for the second half of the season.

## Flirtatious Girl

OR - FORM 1/46/52-

2016 b.f by Flemensfirth ex Another Gaye

Mrs I. C Sellars and Miss D.C Sellars

A lovely mare who ran well for a long way on her hurdles debut at Hereford. She then missed the rest of the winter with minor problems before running at Doncaster where she was probably unlucky not to win. With the ground drying out we put her away, hopefully she gets a clear run this winter and she is more than capable of winning a mares novice hurdle.

## Fair Frontieres

OR 134 FORM 215116/

2015 ch.g by Sans Frontieres ex Cappawhite Lass

The Front Ears Syndicate

Fair Frontieres was a high-class Novice Hurdler 12 months ago but unfortunately missed all last season with a small problem. Now back in full training he will head over fences on soft ground and he is very much a horse to look forward too.

## General Hubble

OR 80 FORM 5904-

2018 b.g by Telescope ex Jennifer Eccles

Youneverknow Syndicate

A big well-bred son of Telescope who spent last winter learning his trade. He ran well in a couple of novice hurdles before posting his best effort on his final start in a handicap at Market Rasen. He has grown again over the summer and whilst still very unfurnished, we hope he will show improvement throughout the season.

## Gerard Mentor

OR 102

FORM 116-06F8

2016 b.g by Policy Maker ex Trephine du Sulon

Garrett, Meacham & Woodhall

A consistent horse who had a fabulous year – winning four on the bounce in October and November. He had a long winter break and has returned to the yard in good form and still showing plenty of zest for life. He will win again once the handicapper gives him the chance.

## Grand Escaparde

OR - FORM 0-

2018 b.g by Getaway ex Liane de Pougy

The Xtra Specials

A big son of Getaway who just grew and grew and struggled to cope with training last winter. He showed plenty in his work and we eventually got him to the racecourse at the back end of the season. Perhaps it was still too soon for him as he struggled to show on the racecourse what he showed at home. He is looking much stronger and we hope to get him back to the racecourse sooner rather than later.

## Halligator

OR 107

FORM 2/122-45

2017 b.g by Saddler Maker ex Quick des Sacart

Imperial Racing Partnership

A tough and consistent horse who missed most of the winter after having a bad colic but has still given his owners some good days out. He was second under his penalty after a return from a long break at Wetherby before being second again on his handicap debut at Huntingdon. 3m was a stretch for him next time and he was ready for a nice break after that. He should continue to pay his way in handicap hurdles throughout the winter.

## Heros de Romay

2017 b.g by My Risk ex Miss Du Seuil

Lady Dulverton

OR - FORM 12-

A big horse who took an age to come to hand. He made his racecourse debut at Exeter in early January and ground out a very tough victory in what was a decent race. We gave him a good bit of time after this and he had one more run for his new owners at Hereford in March. A combination of a tight track and greenness cost him, but he still finished a good second. He jumps for fun at home and is certainly one to follow in soft ground Novice Hurdles this winter.

## I Spy A Diva

2017 b.m by Telescope ex Molly's A Diva

Mr John Perriss

OR 130 FORM 11163-17

This lovely mare had a fabulous season last year winning her first three hurdle races and picking up three bonuses for her very proud owner/breeder. She found the ground far too soft over Christmas and after a short break came back better than ever securing valuable black type with an excellent third at Cheltenham in April and then winning a handicap at Warwick off a mark of 125 having started the season rated 105. She did not handle the track at Cartmel on her final start. She may try fences this winter and will hopefully progress again whichever route we choose.

## Hurlerontheditch

2016 ch.g by Shirocco ex Maid of Malabar

Mrs Penny Perriss

OR 112 FORM 1/2/333-

A horse who hasn't been the most straight forward to train but has been placed on every racecourse appearance so far. He was a good third on debut in January at Chepstow before running well in handicaps at Haydock and Wetherby - possibly not quite showing his best. He looks fantastic as always and will go Novice Chasing this winter, we believe he has a workable handicap mark.

## Isle of Gold

2018 b.g by Milan ex Head for Heights

The Going For Gold Syndicate

OR - FORM 294-

An ex Irish point to pointer who doesn't show us an awful lot at home but has always loved jumping and we went to Uttoxeter for a staying Novice Hurdle expecting a good run. He was much greener than anticipated and a bit of stage fright caught him out. We gave him a bit of time and plenty of work before taking him back to the racecourse in April where he showed a lot more of his capabilities and finished fourth. A mistake at the last probably cost him a second placing. He is the type to improve with racing and is a future chaser who should pay his way over hurdles this season.

## I Got Stung

2018 b.g by Scorpion ex Molly's A Diva

Mr John Perriss

OR - FORM 65-

'Tyson' as he is known around the yard is a bit of a handful! He does have a good attitude towards his work and is a very likeable character. He was green on his debut in a bumper at Taunton where he ran well to finish mid-division before running a similar race at Ffos Las in a Novice Hurdle. We had hoped to run him again but he picked up an injury on the way to Southwell and that was the end of his season. He will continue in Novice Hurdles and is the type to learn on the job. He could be one for later in the season.

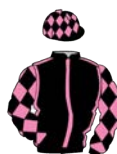

## Jeudidee

2019 b.g by Jeu St Eloi Alidee

Park View

OR - FORM 17

A compact gelding who came over from France and straight away showed us he was very sharp in his work. He ran in a bumper at Warwick in May and thankfully translated his homework to the racecourse winning very well. He continues to work well but unfortunately his forward going tendencies slightly got the better of him on his second start at Stratford in July. He will now head over hurdles and we expect him to progress well and be a decent Novice Hurdler on top of the ground.

## Killigarth

OR - FORM unraced

2018 b.g by Telescope ex A Shade of Bay

The Real Partnership

This good-looking son of Telescope joined us after Christmas - to continue his education he had a couple of trips away and was ready for his first day at school but the ground had dried up so there was no point taking the risk. He has an excellent attitude and he will most likely go straight over hurdles before Christmas.

## Lady Gwen

OR 96 FORM 525474-1

2018 b.f by Haafhd ex Countess Camilla

Mr R.L Davies

We were delighted when Lady Gwen joined us at the start of the summer. She is from a family we know well. We gave her a little bit of time before starting off in a Handicap Hurdle at Stratford where she showed lots of guts and determination to win her first ever race. She went back to Startford off a slightly higher mark and didn't see her race out as well as expected. She has had a small wind procedure since then and hopefully there are more races to be won with her before the real winter ground comes along.

## Lady of the Night

OR 110 FORM 72P/UP-5

2013 b.m by Midnight Legend ex Even Flo

Mr John Perriss

A mare that has been particularly difficult to train and last season was a bit of a write off. The one thing we did not expect when taking her to Southwell was an unseated rider but that is what happened and things did not get much better from there. She suffered from the lack of soft ground and when we eventually did get her conditions things just did not go to plan. She does not have many miles on the clock for a horse of her age and she retains all her enthusiasm. Hopefully she can get her head in front this winter.

## Law of Supply

OR - FORM 44/14-

2018 br.g by Mahler ex Nina Fontenail

The Andrew Lay Legacy

An eye-catching grey horse who was a little bit hot-headed but shows plenty in his work. We ran him in a bumper at Chepstow to try and teach him to settle and rode him well off the pace. He stayed on very strongly to finish fourth showing lots of promise. He has schooled very well and we are looking forward to seeing him in staying novice hurdles this winter.

## Let's Go Amigo

OR 96 FORM 52784P-3

2018 b.g by Getaway ex You Should Know Me

Going Places Syndicate

A son of Getaway who is mentally very backwards and after showing a bit in his bumper he went to Leicester for a Novice Hurdle. The penny refused to drop, and he finished second after some very indifferent jumping. We spent the rest of the winter getting him experienced and he was arguably unlucky not to win at Ludlow in May when finishing a good third. He has matured again and should pay his way in handicap hurdles this winter.

## Magical Escape

OR - FORM 65-

2018 b.g by Getaway ex Chestnut

The Surprise Syndicate

A slow burner who is finally filling his big frame and starting to look like a proper racehorse. He showed plenty of ability on his debut at Chepstow before improving on that when finishing 5th in what turned out to be a very good bumper at Doncaster. He has schooled particularly well and is another who should pay his way in staying Novice Hurdles this winter.

## Mikhailovich

OR 100 FORM 3/P73P-

2017 b.g by Sholokhov ex Putland's Bridge

### The Thrill Seekers

Mikhailovich looked to be running a big race when abruptly pulled up on hurdle debut at Uttoxeter. He returned with a nasty wound which required an operation and an awful lot of time. He found the ground too heavy through January but ran a big race when third in a novice hurdle at Taunton in February. He pulled up on his handicap debut and has had wind surgery over the summer. He is a horse we should see a lot better from this time around.

## Moonlighter

OR 123 FORM 5/23145-

2013 b.g by Midnight Legend ex Countess Camilla

### Huw & Richard Davies & Friends Racing

It is always exciting when Moonlighter goes racing as you never know which fence he might try and take home with him! He was placed on his first couple of starts when looking like the winner before making a mistake and he then got his head in front with a real gritty success at Chepstow in January. He starts this season on a workable handicap mark and should continue to pay his way on soft ground over the winter.

## Mot Pour Mot

OR 122 FORM 603/23P-

2017 b.g by Martaline ex Maia Eria

### Mrs Diana L Whateley

A well-bred French gelding who is exciting to watch at home. When we eventually got him to the racecourse he bled badly and was pulled up. Like a lot of our horses at the time he clearly wasn't right and his very patient owners decided to give him the rest of the year off. Back with us now after an extended break he looks fantastic and we hope he can fill his abundant promise on the racecourse this winter!

2014 gr.g by Fame And Glory ex Lakil Princess

Phil and Gill Andrews

We had high hopes for him going over fences last winter but trying to find suitable races on his much preferred very heavy ground was proving to be difficult. He jumped well enough at Hereford on his only try over fences before not getting home and after a bit of a break we decided to stay over hurdles. Whatever was bothering some of our string last winter was clearly bothering him and he did not perform anywhere near his best. Now on a very workable handicap mark we hope he has a clear run and a bit more luck this winter.

## Phantom Getaway

OR 123 FORM 222/135-

2017 ch.g by Getaway ex Belle Provence

The P G Tipsters

Made an ultra-impressive seasonal debut on very soft ground at Ffos Las when running out an easy winner and looking like a horse to follow. The dry winter then turned against us and we had to go to Hereford for a novice hurdle under a penalty. He found the track far too sharp but still ran a big race to be third. After a very dry January and February he finally ran again at the back end of March and looked like he may go close before tiring at the second last. This big horse has only been marking time before going over fences and we are all very excited to see how far he could progress this season.

## Parc d'Amour

OR 112 FORM 1/372-23

2017 b.g by Walk in the Park ex Mal D'Amour

The Strollers

Like many by this sire, Parc d'Amour has his own way of doing things and can be tricky to train. His hurdle debut was particularly eye-catching and he was way too keen back at Uttoxeter a month later. He then improved again at Taunton and only greenness caught him out on his handicap debut where he finished a close second. He has done well for a break and should prove better than his mark this winter.

## Salt Rock

OR - FORM 1/8-

2018 br.g by Soldier of Fortune ex Saltbarrow

Julie and David R Martin and Dan Hall

A big imposing horse who was showing us all the right signs at home and we went to Warwick very expectant. He ran no race at all and to say there were some long faces around here would be an understatement. He underwent a full MOT and we rectified a few of those things this summer. He is still showing us all the initial promise at home and we expect him to leave the Warwick run well behind when he embarks on a hurdling career this winter.

## Percy Veering

OR 81 FORM 06/FUP2-

2017 ch.g by Sir Percy ex Saltpetre

The Percy Vera's

Started his season at Lingfield over fences and was travelling and jumping particularly well before stepping into the middle of the first fence down the back and getting quite a nasty fall. We went back to Lingfield three weeks later but he never jumped or travelled with any fluency and unseated David, perhaps remembering his previous mishap! After a confidence booster at Leicester he headed to Market Rasen and ran his best race to date to finish second in a Handicap Hurdle. He has noticeably improved physically and we hope he can get his head in front this side of Christmas.

## Samatian

OR 86 FORM /132224-

2017 bl.g by Sageburg ex Bodhran Davis

Norman Carter

An admirably consistent horse who seems to thrive on racing. He won at Stratford on seasonal debut in October and ran a further six times never finishing outside the first four. It is yet to be decided whether he remains over hurdles or goes chasing but whatever he does his consistency always gives his owner an awful lot of fun.

## Sayadam

OR 124 FORM 1/1343-3

2017 b.g by Saint des Saints ex Catmoves

Lady Dulverton

Started his season with a tough win at Fontwell carrying a big weight. He was then very consistent through the rest of the winter but had a little wind issue that was always bothering him. We have hopefully now fixed that and this very consistent horse should continue to give his owners a lot of fun.

## Shantou Express

OR 128 FORM 5P0-9136

2015 ch.g by Shantou ex Spanker

The Second Chancers

Admirably tough and consistent performer who seems to be on the go all year round. This winner of six races has done his owners proud. After not particularly enjoying fences we went back over hurdles and he won the same race as last year at Stratford in June. As usual the handicapper had his say but he did perform well off his current mark at Worcester and earned a well deserved break after a flat performance at Stratford in July. He will be back later in the season.

## Sea Of Fortune

OR - FORM unraced

2020 br.g by Soldier of Fortune ex Milly Lamb

Mrs I. C Sellars and Miss D.C Sellars

A gorgeous looking horse by a stallion we like a lot. He is a big boy and will be given all the time he needs. He has a good pedigree and moves very well. He is one for the future.

## Sprucefrontiers

OR - FORM 3-

2017 ch.g by Sans Frontieres ex Wayward Winnie

All Spruced Up Syndicate

Was with us at the start of last season and after showing lots of promise in his initial work he got a little bit of a problem and it was decided to give this big horse all the time he needed and have him back in one piece for the start of this season. He is coming along nicely and will go straight over hurdles and is the type that will improve with experience. We will not see the best of him until he goes over fences.

## Shady Wady

OR - FORM unraced

2017 ch.g by Luck Of The Kitten ex Riviera Rose

Mr Ron Wady

A nice type who came over from France in the spring. We had him cut and gave him a bit of time. He has fitted into our way of doing things very well. We will feel our way with him and we very much like what we see so far.

## The Bull McCabe

OR 128 FORM 32281/2-

2016 b.g by Yeats ex Twilight View

Park View

Missed all last season with a bit of a problem. He is now back in full work and looks very well. We hope he has retained all his ability and although we are yet to decide where he starts off, he will spend most of the season over fences.

## The Edgar Wallace

OR 124 FORM 1U/2P48-

2015 b.g by Flemensfirth ex Annalecky

Phil and Gill Andrews

A solid handicap chaser who started his season with a good second at Kempton. He had a few little niggly issues throughout the winter and struggled for consistency. He has had a full MOT over the summer and hopefully we have put one or two things right. He has lots of potential off his current handicap mark and with a clear run this season should be one to follow.

## The Kemble Brewery

OR - FORM 1-

2019 b.g by Blue Bresil ex Legendara

Breakfast at 10 Syndicate

A massively exciting gelding by the ever-popular sire Blue Bresil. He was incredibly forward mentally and physically and took all his work in his stride. Unusually for a four-year-old of ours he made his debut at Huntingdon in April and showed all the promise he had been showing at home on the racetrack and won by a comfortable 4 and a half lengths. It is yet to be decided whether he runs in another bumper or goes straight over hurdles but he has schooled exceptionally well and is one to look forward to this winter.

## Top Target

OR 120 FORM 1/2124P-

2018 b.g by Westerner ex New Targets

Mr John Perriss

Ran a big race on his debut for us in a bumper at Worcester looking the most likely winner turning in however he was out speed up the home straight and finished a good second in a race that worked out well. We then went over hurdles and he was very impressive winning his hurdle debut at Wetherby in December jumping well and coming clear up the straight. He was placed twice more over hurdles before pulling up with a nasty injury at Uttoxeter in May. He will be back with us for the second half of the season and is a very promising young horse to go forwards with.

## Tregele

OR - FORM 54-3

2018 b.g by Mahler ex Emily Gray

Julie and David R Martin and Dan Hall

A tough, forward going horse who was a bit of a work in progress last winter. He ran a nice race on debut at Southwell travelling best into the straight and perhaps being a little bit weak, he faded to finish fifth. He backed that up with a good fourth on very soft ground at Stratford before heading over hurdles. He jumped well finishing third at Worcester in May. He is a horse we are looking forward to this winter.

## Undercover Lover

OR - FORM 0-

2017 b.g by Cloudings ex Another Gaye

Mrs I. C Sellars and Miss D.C Sellars

Made his debut at Market Rasen in December and after the work he had done at home we were confident of a big run. He sadly never fired and was disappointingly well beaten. We simply could not get him right after this and it was agreed that we should give him a nice long break and start again this year. He will most likely head straight over hurdles and we hope he will fulfill his early promise on the racetrack.

## Trelawne

OR 132 FORM 13/11-

2016 b.g by Geordieland ex Black Collar

The Real Partnership

An exciting prospect who only ran twice last winter but was ultra impressive on both starts. He bolted up on handicap debut at Ffos Las and was even more impressive in getting us out of the doldrums when winning at Uttoxeter in April. He has improved again physically for a summers break and will now head over fences. He must have soft ground and when conditions are right, he really could be anything!

## Von Hallers

OR - FORM P1-

2018 b.f by Presenting ex Afaraka

Mr John Perriss

A gorgeous looking Presenting filly who was bought by John Perriss at the Cheltenham January sale. As with all the horses we buy at that time of year we gave her a bit of time before training her with the view to a run at the back end of the season. She was showing plenty in her work and schooled very well but with the drying ground we thought a long summer break may be more beneficial. She is a big mare who has done well for her summers break. She may run in a bumper but her future very much lies over obstacles.

## Two For Gold

OR 154 FORM 12P/501-

2013 b.g by Gold Well ex Two Of Each

May We Never Be Found Out 2

This special horse is now in the veteran's stage of his career but he continues to retain his love for the game. We think he probably remembered his experience in the Grand National when perhaps not showing his usual zest but still finishing fifth in the Beecher Chase. We were then mortified that the Fleur de Lys Chase was abandoned after planning his entire season around it. He was not at his best at the Cheltenham Festival but the handicapper gave us a chance and he was very impressive when winning a veterans chase at Ascot in April. This season we again plan to target the Fleur de Lys although we will certainly have one eye on the veterans final the following week.

# Land Afar

OR - FORM 3/P4/14-

2015 b.g by Kalanisi ex On The Highway

A horse with some very smart bumper form who spent some time at Thorndale last year but did not see the track due to one or two small issues. He returned to us looking very well after spending the summer in Ireland. He is one to keep an eye out for when starting off over hurdles.

## Unnamed

2019 b.g by Jack Hobbs ex Miss Mobot

A 4 year old unraced gelding by new sire Jack Hobbs, who won the Irish Derby; was second in the English Derby and won the Gr1 Dubai Sheema Classic . All the breeding experts expect him to be a quality stallion and he is now starting to produce winners. He is also achieving very high prices for his offspring at the sales.

The gelding we have is out of a 3 times winning broodmare, Miss Mobot, by high class National Hunt sire, Midnight Legend, the sire of numerous top class horses including Gold Cup winner Sizing John.

He is available in 10% shares and is likely to start off in bumpers later in the year. We are very happy with his progress, has a great attitude and is very athletic. As he is unnamed you will have the chance of naming him, choose the syndicate name and the colours of the racing silks.

## FOR SALE: Reallyntruthfully

2019 b.g by Jetaway ex Style Of Campile

Reallyntruthfully put up a very eye-catching debut effort when second in the maiden at Chaddesley Corbett on 15th April. The well-bred son of Jet Away travelled sweetly and looked home for all money after jumping two out but got collared close home after a mistake at the last. He moved really nicely through the race and jumped well suggesting he has a lot of natural ability. Out of a black type Heron Island mare the relation to Galaxy Rock looks to have a big future over fences.

He is currently out at grass for the summer and we look forward to him returning to the yard in the autumn where he will run in bumpers or over hurdles. If you would like to come and see him please do get in touch.

## FOR SALE: Zmiinyi

2018 b.g by Soldier Of Fortune ex Whisper Rock

An exciting 5 year old by fashionable sire Soldier Of Fortune.

He was unlucky not to win in his latest point to point race (pulled up first time because his saddle slipped) beaten by a diminishing short head. Jumping brilliantly he finished very strongly showing battling qualities when short of room in the closing stages, he would have got up in another stride.

The form of the race is working out well too as the winner Ivegotdapower won again next time out and Olivers Travels who beat Ivegotdapower a 1/4 of a length in his first race has since won 2 bumpers under rules.

A surefire chaser in the making.

# Kim Bailey Racing Syndicate

You know the feeling of excitement and nervous anticipation when you go racing. The atmosphere around the parade ring, the famous people, the horses eager to race, the enthusiastic crowd and the sensation of cheering home the horse you have backed.

Well, can you imagine the euphoria if you actually owned that horse? It is an experience that is difficult to express in words but one you will never ever forget.

Now you have an amazing opportunity to experience this emotion for yourself by purchasing a share in a Kim Bailey Racing Syndicate, an easy and beneficial way for you to become a racehorse owner.

The majority of the syndicates consist of 10 owners, giving you a significant share at a reasonable price. However, if you prefer a larger stake you can purchase more in multiples of 10% enabling you to join a smaller syndicate. If we feel it will be worthwhile, especially with a higher priced horse, there may be the occasional syndicate with the maximum of 20 owners.

Unlike other partnerships the Kim Bailey Racing Syndicates have their own identity, therefore:

- You own the horse You name the partnership ie. Ace in the Pack Partnership.
- You choose the racing colours.
- You also decide on a name for the horse (if un-named when you purchase your share).
- Your partnership has its own bank account.
- You can visit your horse at a convenient time 7 days a week with family and friends.
- You receive 2 racecourse badges every time your horse runs

Call Peter Kerr now on 07901 763643 to find out more about our latest available partnership horses
