# A decent season despite the bad winter

**W**elcome to my 2018/2019 Horses in Training brochure, with another exciting season ahead of us!

Reviewing our last season which incidentally was our second best since we have been here, we narrowly failed to hit the half century winner wise which was slightly annoying but considering last winter was just about the most difficult season to train that I can recall, I really can't complain. I know we all blame the weather in this country but last season was very frustrating, three times we dug the snow off our hill gallop, all by hand; we have only had to do that once before in all the 11 years I have been here.

**Mon Palois** kicked off our season in May with a win at Ffos Las, he was to go on and win again at Worcester. **Robin The Raven** and **Dandy Dan** soon followed up at Ludlow, it was a good double on the day and one that started me off to be leading trainer at that lovely Shropshire track. **Rhaegar** then appeared at Warwick and looked impressive winning his bumper; he went on to win a hurdle race at Chepstow later in the season.

**Sonneofpresenting** went south to Fontwell and won a chase down there; he was a winner twice more, both of which were at Worcester. By now we were into October and **El Presente** came out and won at Huntingdon and although he did not win again, he was placed on his next couple of runs. **Cresswell Legend** became a legend for his owner Virginia Johnson by winning three on the bounce and was perhaps unlucky not to make it four. **Red River** was our last winner in October at Wincanton and he too went on to have a good season when winning two of his three starts.

We started November with a flat winner at Newmarket, **Sunblazer** did the business there, imagine fast ground in November! **Vinndication** was next to win and he scooted up in a bumper at Ludlow and followed up with three wins over hurdles, including the prestigious Sidney Banks Hurdle at Huntingdon. Vinndication suffered from sore shins after that so we gave the Cheltenham Festival and rest of the season a miss.

**Station Master** who was bought for Penny Perriss at the Doncaster May sales was soon on winning ways at Warwick, following up again at Southwell. **Diamond Gait** made a winning debut in a bumper at Warwick; she continued to run well, finishing second in a listed race at Huntingdon. **Sainte Ladylime** who loves soft ground was next to win a mares' chase at Uttoxeter, she is not the most natural of jumpers but she was placed second on a further three starts before winning again. **Silver Kayf** won a novice hurdle at Huntingdon and again at Ludlow. **First Flow** who showed such promise in his bumper at Exeter the season before was a revelation over hurdles on soft ground. He started with a good win at Lingfield and went on to win a further two races including the Sky Bet Supreme Trial

# FEED GREATNESS

## Formulated for a Leading Performance

For almost 80 years Dodson & Horrell has continued to manufacture trusted equine nutrition.

Formulated by leading nutritionists and based on revolutionary research, their innovative racing range provides a fully balanced feed that is fueling champions worldwide.

**DODSON & HORRELL**  
HORSE FEED SPECIALISTS

Rossington Main Novices' Hurdle (Grade 2) at Haydock. Weather played havoc later for him and with Kelso snowed off we rerouted to Cheltenham which was a step too far.

Racing For Maggies had a good season with [Another Venture](#), he won at Chepstow and Hereford which raised much needed cash for the charity Maggies. [Rosmuc Relay](#), a recent purchase for John Perriss, won a couple of novice hurdles at Leicester and Wetherby. We had two bumper horses who had a good season, [Two For Gold](#) and [Sea Story](#) both won two bumpers and that is rare. [Imperial Aura](#) won a bumper at Ludlow and [Bandon Roc](#) finished the season off with a win at Towcester which was his fourth hurdle win on the trot.

Looking back on all of the above, I must mention [The Last Samuri](#) who was second in the Becher Chase and third in the Cross Country at the Cheltenham Festival. Interestingly, no horses have won the Cross Country on their first appearance. It was another respectable season for him, even if the Grand National was not his best day; we shall miss him. [Charbel](#) was fourth in the Grade 1 Tingle Creek Chase and again it was not a winter for him as soft ground was not ideal, both horses have suffered for their good runs and the handicapper has not relented.

On the jockey front, David Bass rode 29 winners, Mikey Hamill 10, Sean Bowen 3, David Crosse 2, Richard Condon 2, Tom Bellamy 1, Jim Crowley 1 and Richard Kingscote 1.

We move on to this coming winter with so much to look forward to. Many of last seasons novice hurdlers will go chasing and our winning and placed bumper horses will go hurdling. Then what about all those four-year-olds that did not run? We only ran two all last season; most of them will probably start off in bumpers before going hurdling. We bought 10 unbroken three-year-old youngsters from various sales this summer, some of which might well run in the spring; they certainly look exciting.

Team Bailey has the usual familiar faces, on the jockey front David Bass, Tom Bellamy and Mikey Hamill will ride most of the horses, while young Ben Love has come over from Ireland to be our conditional.

At home Mat Nicholls is very much involved and part of the business, while Leigh Pollard continues to do her bit as travelling head girl, assisted by Zack Davidson. Leigh and Zack have a huge reputation for turning out all our horses at the races in immaculate condition; testament is the huge number of 'best turned out' awards. Sinead Burke leads the team, and as ever, I am only as good as my staff. Maddie Webster has taken over from Kerry Bellamy as my PA, a difficult task for her as this is her first open day and first brochure. Sandie Wilkinson is thankfully still here sorting our accounts and Peter Kerr continues doing a fine job running all our syndicates and partnerships. Finally, a big thank you to Clare for all the support and help; not much fun at times being a trainer's wife!

So roll on the 2018/2019 season, it really does look an exciting one and without all of your support, by that I mean all owners and my team, where would I be!

Kim

# HORSES IN TRAINING

2018-19 SEASON

## ABBREVIATE (GER)

OR 125C FORM 436523-2P

2011 bay gelding by Authorized (Ire) ex Azalee (Ger) (Lando (Ger))

Mr and Mrs K R Ellis

After starting his chasing career with a competitive fourth in a Stratford novice chase, Abbreviate had quite a frustrating season running very well on numerous occasions including a couple of good seconds without quite getting his head in front. We probably went to the well once to often at Ffos Las in May but he has done very well over the summer and we look forward to getting his head in front over fences this winter.

## AGENT MEMPHIS (IRE)

OR 100H FORM 2200-8

2012 bay mare by Scorpion (Ire) ex Forces Of Destiny (Ire) (Luso (GB))

Mrs I C Sellars & Major and Mrs P Arkwright

Agent Memphis was quite immature when coming to us after being second in two Irish point-to-points. She had three quick runs in novice hurdles without showing an awful lot and it was discovered that she had stomach ulcers, which we have now rectified. Agent Memphis will go novice handicap chasing this winter and we expect to see a much improved horse.

## ALFIE CORBITT (IRE)

FORM 31-

2013 bay gelding by Arakan (USA) ex Millanymare (Ire) (Old Vic (GB))

Highclere Thoroughbred Racing Ltd

A good looking son of Arakan, a stallion we are quite keen on, he came to us after winning his point-to-point on soft ground in very impressive style for Jim Culloty last May. He is the first horse Highclere Thoroughbred Racing have had in training with us and we are very much looking forward to seeing him start his career in the autumn, probably going straight over hurdles on soft ground.

# Horses in Training

2018-19 SEASON

## ALIANDY (IRE)

OR 117H FORM P-

2011 bay gelding by Presenting (GB) ex Water Rock (GB) (El Conquistador (GB))

[A & S Enterprises Ltd](#)

Aliandy only made the racecourse once last year before unfortunately suffering a set back and missing the rest of season. He has the ability to win more races so long as we can channel his energy in the right direction. We look forward to seeing him back on the racecourse some time around Christmas.

## ANOTHER VENTURE (IRE)

OR 133C FORM 5261134-

2011 chesnut gelding by Stowaway (GB) ex Hard Luck (Ire) (Old Vic (GB))

[Maggie's Charity Partnership](#)

Another Venture had a really good first season over fences winning at Chepstow on Welsh National Day before following up at Hereford three weeks later, he then finished a very good third in much better company at Ascot in February. A strong stayer who relishes soft ground, we hope he could develop further to go for one of the many Nationals around this winter.

## ARTHUR'S SIXPENCE (GB)

FORM 12-

2014 bay gelding by Vinnie Roe (Ire) ex Loose Change (Ire) (Snurge (GB))

[Stillmoremoneythan](#)

New to the yard this year, Arthur's Sixpence won his point-to-point debut before finishing runner up on his second start. He was bought privately in the spring and after a good summers grass, has come back in a much bigger and stronger horse. He will start off in the autumn, most probably straight over hurdles and we look forward to seeing him progress.

## BALLETICON (IRE)

FORM 2

2014 brown gelding by Arakan (USA) ex Miss Garbo (Ire) (Bob Back (USA))

[Inn For A Penny](#)

A good looking son of Arakan who we bought after seeing him breeze at Cheltenham in March, he is a horse that always worked well and ran accordingly on his debut in a bumper at Southwell in May. Finishing a very good second, 12 lengths clear of the third horse, in what could have been quite a smart race. We look forward to getting him started in the autumn, possibly in another bumper before embarking on his hurdling career.

# Aiden Murphy

**Whitson Bloodstock Ltd**

Once again congratulations to Kim, Clare and the team on another successful season.

Whitson Bloodstock is delighted to have provided Thorndale Farm with many winners in the 2017/18 season and wish everyone all the best of luck for the forthcoming season.

# Horses in Training

2018-19 SEASON

## BANDON ROC (GB)

OR 117H 112C FORM P7P241-9

2011 bay gelding by Shirocco (Ger) ex Azure (Ire) (Brief Truce (USA))

### The WOW Partnership

Bandon Roc didn't really take to fences in the autumn, so we decided to head back over hurdles and he put up a real gutsy performance to win well in the mud at Towcester in April. He had a back operation this summer and if this helps with his jumping, he could well still have a future over fences and he is sure to win more races on his favourite soft ground.

## BEN ARTHUR (IRE)

OR 102H 95C FORM 6U24246-

2010 bay gelding by Marienbard (Ire) ex Oscartrainer (Ire) (Oscar (Ire))

### Mr & Mrs Mark Laws

Ben Arthur ran seven times last season and the plan was to go chasing, although he was placed he struggled with his jumping especially out of the heavy ground. We reverted back over hurdles for his last three runs and he looked very unlucky not to win at Wetherby in January. He has had intensive schooling since then and we have not yet decided whether he will start over hurdles or fences however, he is more than capable of winning a race or two and will undoubtedly give his owners many fun days out.

## BLAZON (GB)

OR 105H FORM 50244-P043

2013 bay gelding by Dansili (GB) ex Zante (GB) (Zafonic (USA))

### The Blazing Optimists

A former bumper winner who started over hurdles last season, he was slightly disappointing despite being placed on three of his six starts. He has since had a wind operation and a bit of a break, we hope that he will soon be back to winning ways as he is a good jumper who could have a possible career over fences when he finishes hurdling.

## BRAW ANGUS (GB)

OR 100H FORM 45PPP-

2010 bay gelding by Alflora (Ire) ex Suilven (GB) (Teenoso (USA))

### Mr Iain Buchan

Braw Angus ran consistently over hurdles before Christmas, although his jumping let him down on a couple of occasions and he simply got no respite from the handicapper. We struggled to get him right after Christmas and his final couple of runs are best written off. This homebred son of Alflora is now back down to a more reasonable handicap mark and we hope to be competitive over hurdles and possibly fences on soft ground this winter.

## BY THE BOARDWALK (IRE)

OR 110C FORM 30450-45

2008 brown gelding by Presenting (GB) ex Peripheral Vision (Ire) (Saddlers' Hall (Ire))

Mr John Perriss

Last winter was very frustrating for By The Boardwalk as he is a typical gelding by Presenting who loves fast ground and, as we all know, last winter was almost the wettest winter on record. However, it does mean that he has dropped a few pounds in the handicap which may well help him. He is currently rated 110 so there is every chance of getting him back into the winners enclosure off that mark, he is a horse that must race right handed and he will have his wind tinkered with before he runs this season.

## CHARBEL (IRE)

OR 154C FORM 44F-

2011 bay gelding by Iffraaj (GB) ex Eoz (Ire) (Sadler's Wells (USA))

Mrs Julie Martin and Mr David R Martin

We decided to start Charbel off over hurdles as a confidence booster following his fall when leading Altior over the second last in the previous years Arkle. He ran a solid race to finish fourth at Wincanton in November where the soft ground and lack of a recent run probably found him out. We headed back over fences to the Tingle Creek at Sandown, where he ran a mighty race finishing fourth to Politologue only beaten five and half lengths after being slow over the final two fences. With it being such a wet winter we decided to go straight to Cheltenham in March and unfortunately he fell in the Queen Mother Champion Chase after only a mile. We have since given him a back operation, he looks fantastic and we look forward to getting him back on the track soon.

## CIRANO DE SIVOLA (FR)

FORM 213/

2012 grey gelding by Vendangeur (Ire) ex Wild Rose Bloom (Fr) (Kaldounevees (Fr))

Mr Gary Tardi & Mrs Lin Austin

New to the yard, Cirano de Sivola has had the best part of two years off after sustaining a very bad fracture to a front leg. Previous to this he had solid bumper form winning his second start in good style at Warwick and he had one run over hurdles where he finished third. He is a very striking horse who has been working nicely and we hope he will repay his owners Gary Tardi and Liz Austin's patience over hurdles this winter.

## CLOONE LADY (IRE)

OR 117H FORM 2F21462-

2013 bay mare by Milan (GB) ex Cloone Leader (Ire) (Supreme Leader (GB))

Mr John Perriss

Cloone Lady joined us from the Tattersalls Cheltenham Sale in March and we wasted no time in getting this big good looking filly started over hurdles. After taking a couple of runs to acclimatise, she ran an absolute cracker to be second of sixteen in a novice hurdle at Huntingdon but with the ground drying up, we decided to give her a break and she will start off novice handicap chasing in the autumn.

# Horses in Training

2018-19 SEASON

## COMMODORE BARRY (IRE)

OR 120H FORM 240-31

2013 brown gelding by Presenting (GB) ex Specifiedrisk (Ire) (Turtle Island (Ire))

### The Commodores

A good looking horse who ran very well on his bumper debut at Huntingdon on Boxing Day finishing fourth in a race that worked out particularly well. His owners had to be very patient with the ground being so soft through the winter but after finishing a solid fourth on his hurdles debut at Huntingdon in April, he won very nicely from the front in his second hurdle start in May showing a real winning attitude, jumping well and finishing strongly. He will now go straight over fences and should have a good season novice handicap chasing.

## CRESSWELL LEGEND (GB)

OR 133H FORM 71112P-

2011 bay gelding by Midnight Legend (GB) ex Cresswell Willow (Ire) (Witness Box (USA))

### Mrs David Johnson

A tough consistent horse who really is a yard favourite, Cresswell Legend won his first three hurdle starts from two to three miles and was a gallant second at Musselburgh in February. He was not at his best after this so was given a nice long summer break and we are really looking forward to getting him going over fences in the autumn, there could be much more to come from him.

## DANDY DAN (IRE)

OR 127C FORM 11253-23

2013 bay gelding by Midnight Legend (GB) ex Playing Around (GB) (Act One)

### Phil and Gill Andrews

A real likeable character who won his hurdles debut back at Ludlow in November and was very consistent under a penalty for the rest of the winter. He made a really good chasing debut at Warwick in May, leading all the way before being nabbed in the final furlong to finish second, he then backed this up with a good third at Stratford before being given a well deserved summer break. He will be back over fences in the autumn and is a consistent horse who should pay his way this season.

## DESARAY (IRE)

OR 117H FORM 24/

2011 bay gelding by Milan (GB) ex Shuil Mo Ghra (Ire) (Presenting (GB))

### Dare I Say Partnership

Desaray's owners have had to be very patient as a leg injury kept him off entirely last season, thankfully he showed more than enough ability in his two hurdle starts to think there are races to be won with him. He will go novice handicap chasing in the autumn and we expect a little help from the handicapper after being off for such a long time, he is a horse to keep the right side of.

## DIAMOND GAIT (GB)

FORM 1258-

2013 bay filly by Passing Glance (GB) ex Milliegait (GB) (Tobougg)

Mr Norman Carter

A lovely big filly who won on her debut at Warwick beating a field of 18 in ultra tough fashion. She was then runner up in a listed race on Boxing Day at Huntingdon before getting stuck in the mud at Sandown and running a good eighth at Cheltenham in April. She now has black type to go along with a very good pedigree and will head novice hurdling in the autumn, she is a filly with a bright future who we like a great deal.

## DIVA RECONCE (FR)

FORM 2-

2013 bay mare by Kap Rock (Fr) ex Kruscyna (Fr) (Ultimately Lucky (Ire))

Mrs I C Sellars & Major and Mrs P Arkwright

After bolting up in her bumper we were really looking forward to Diva Reconce's first season hurdling however, a few niggling problems kept her off the racecourse until her hurdles debut at Ludlow in December where she finished a very good second in a field of twelve. We were unable to keep her sound after this and it was decided that she would have the rest of the year off and a full season novice hurdling this time around. After pre-training at Martin Jones' she has returned looking absolutely fantastic and we look forward to the season ahead.

## DOCTOR HAZE (GB)

OR 109H FORM 273P-P

2011 bay gelding by Dr Massini (Ire) ex Gypsy Haze (GB) (Romany Rye (GB))

Mr G J Singh & Mr Dil Singh Rathore

Doctor Haze started his season with a very good second in a novice hurdle at Chepstow and we thought he was a horse with a real bright future. After getting stuck in the mud at Leicester and Bangor on Dee we put him away with a view to going over fences in the spring. Unfortunately, a few of our horses were under the weather at the time and after running very disappointingly at Huntingdon, we decided to give him a long summer break and start again fresh this year. He will go novice handicap chasing and we still believe he is a horse that is capable of winning races.

## DUSTY PEARL (GB)

FORM 235-

2013 bay gelding by Frozen Fire (Ger) ex Kahooting (GB) (Kahyasi (Ire))

The Oyster Catchers

Dusty Pearl was working nicely before making his hurdling debut for us at Uttoxeter in October where he ran a nice race to finish fifth in spite of jumping right the whole way. This was explained when he came back with a small problem and it was decided best to give him the rest of the winter off. He has good form behind Station Master a dual winner of ours and we look forward to getting him going back over hurdles sooner rather than later.

# Horses in Training

2018-19 SEASON

## EARLY LEARNER (GB)

FORM 0

2012 bay mare by Sulamani (Ire) ex Slow Starter (Ire) (Dr Massini (Ire))

### Hot To Trot Racing

We bought this good looking mare after she won her point-to-point in Ireland on the recommendation of her jockey Derek O'Connor. We always liked her and she showed a fair amount of form at home, which is the reason why we ran her in a Listed bumper at Market Rasen in January. Unfortunately it rained heavily that day and the ground was bottomless, she was disappointingly nearly last having hated the ground. We will probably run her in a bumper before heading over hurdles, she has loads of ability and should win hurdle races with ease. Early Learner will be aimed at the mares' hurdle final at Newbury in March.

## EL PRESENTE (GB)

OR 128H FORM 31335-4

2013 bay gelding by Presenting (GB) ex Raitera (Fr) (Astarabad (USA))

### Davies Pilkington Yarborough Brooke

El Presente won really well on his hurdles debut at Huntingdon in October jumping for fun before forging clear after the last. He then ran consistently all winter but was unable to win with his penalty, he finished a solid fourth when stepped up to 3m on his handicap debut in May and will head straight over fences this autumn. He is a horse that should continue to progress this season.

## FIRST FLOW (IRE)

OR 144H FORM 4111P-

2012 bay gelding by Primary (USA) ex Clonroche Wells (Ire) (Pierre (GB))

### A N Solomons

After having a run in a bumper to settle him down and intensive schooling at home, First Flow started his hurdling career at Lingfield in November, before going to Newbury and Haydock for a Grade 2. He barely came off the bridle in all three starts but with the rain continuing to pour, we decided to let him take his chance at Cheltenham in March however this proved a bridge to far. We plan to go over fences this winter with a possible hurdle run to start, on soft ground he is potentially top class and is very exciting.

## FUBAR (IRE)

2014 chesnut gelding by Le Fou (Ire) ex Petite Mielle (Ire) (Pasternak (GB))

### Mr and Mrs Bevan

Purchased from Ed Cookson and Mary Vestey after David Bass had ridden him in work in Lambourn, Fubar was brought to the yard by new owner Quentin Bevan. He had been working very nicely in the spring but his scope was not quite right and with the ground drying up, we decide it best to give him a summer break. He has really matured over the summer and we look forward to starting him in a bumper as soon as we get some respectable ground.

## FULL TILT (GB)

FORM 381-

2013 bay gelding by Flying Legend (USA) ex Proper Posh (GB) (Rakaposhi King (GB))

Mr & Mrs M Laws and Mr & Mrs P Woodhall

A fine big gelding purchased privately by Mark Laws at Doncaster Sales in May, he had three runs in point-to-points one of which he won at Dromahane at the end of April. He looks a tough honest sort who will go novice hurdling this season with the long term aim of going chasing.

## GALLERY EXHIBITION (IRE)

OR 128C FORM 630-

2007 bay gelding by Portrait Gallery (Ire) ex Good Hearted (Ire) (Broken Hearted (GB))

Somerset Racing GD

Purchased by the Somerset Racing Team for Guy Disney to ride in the Aintree Foxhunters. To qualify he had to finish in the first four in a hunter chase so it was some relief that he managed to do that when he ran at Musselburgh on ground far softer than he likes. Aintree was an extraordinary day, as Guy Disney and Gallery Exhibition completed the course in majestic style, the ground wasn't ideal (faster the better for Gallery Exhibition) but he also had to survive a slight worrying moment when they parted company on the way to the start, due to the fact that Gallery Exhibition got stage fright when leaving the paddock and coming onto the course. Back in training now to run in couple of handicap chases, before returning later in the season to have another go at the Foxhunters at Aintree. A real old family favourite and one that Guy had been associated with long before the ownership of Somerset Racing.

## GALLOWS POINT (IRE)

FORM 6

2013 bay gelding by Black Sam Bellamy (Ire) ex Jolika (Fr) (Grand Tresor (Fr))

Mr Dan Hall

A big backwards homebred by Black Sam Bellamy who took a long time to come together, he finally saw a racecourse at Warwick in May and ran a really nice race to finish sixth in a big field bumper. A real stayer in the making who will probably go straight over hurdles and we expect him to make a nice handicapper for the winter ahead; chasing will ultimately be his game.

## HES NO TROUBLE (IRE)

FORM 1-

2013 bay gelding by Scorpion (Ire) ex She's No Trouble (Ire) (Zaffaran (USA))

Jockey Club Ownership (SW2018) Limited

An Irish point-to-point winner who won his only start at Dromahane at the end of April. A fine big gelding by Scorpion, out of a Zaffaran mare and his mother, She's No Trouble is a full sister to the Cheltenham Gold Cup winner Looks Like Trouble. He is the first horse we have had for the Jockey Club's Cheltenham and South West Syndicate who we are delighted to train for. We hope to start him off at one of the earlier Cheltenham meetings and he is a very nice horse with a big future.

# Horses in Training

2018-19 SEASON

## ILLUMINATED BEAUTY (IRE)

FORM P-21

2013 bay mare by Flemensfirth (USA) ex Native Beauty (Ire) (King's Theatre (Ire))

Mr John Perriss

Purchased by Aidan Murphy at the Cheltenham Sales in May, she is a winner and placed in three point-to-points in Ireland and is by one of our favourite stallions in Flemensfirth. There are many good winners in her pedigree and she looks a thoroughly likable, tough mare who will just get on and do her job. She might run in a bumper but, is much more likely to go straight over hurdles and it would be nice to think she may be good enough to run in the Mares' Hurdle Final in March at Newbury.

## IMPERIAL AURA (IRE)

FORM 31-

2013 bay gelding by Kalanisi (Ire) ex Missindependence (Ire) (Executive Perk (GB))

Imperial Racing Partnership

A lovely good looking son of Kalanisi, who made his debut in a bumper at Kempton in February, running an absolute cracker to finish third despite being very green and hating the soft tacky ground. He had one more run at Ludlow in April, absolutely bolting up in another bumper. As usual, he did his pre-training with Kevin Ross and has returned looking very well, we've yet to decide whether to have another go in a bumper or go straight over hurdles as he does jump very well.

## JOHNNY OCEAN (IRE)

FORM PP-

2012 bay gelding by Whitmore's Conn (USA) ex Soda Bread (Ire) (Beneficial (GB))

Mrs Julie Martin & David R Martin

Johnny Ocean arrived here with a good reputation having won his point-to-point impressively in Ireland. He had two runs over hurdles for us last winter which were hugely disappointing and after exhaustive tests, he was found to have a major gut infection, which had probably been there for some time. After having the rest of the winter and summer being treated, he is now back with the view to hopefully putting his career back on track. He is a very likeable horse who has the size and scope to jump fences after hurdling, provided everything goes the right way he could be quite an exciting horse.

## KAYF STORM (GB)

FORM 49-6

2013 grey mare by Kayf Tara (GB) ex Royal Keel (GB) (Long Leave (GB))

Kim Bailey Racing Partnership

Kayf Storm ran a cracker on her debut at Ascot in February finishing fourth of nine in a race that worked out quite well. She disappointed on her next two starts and was diagnosed with quite a serious wind problem, she has undergone a wind operation this summer and we look forward to seeing her over hurdles.

## **KNOCKANRAWLEY (IRE)**

**OR 122C    FORM 23P553-**

2008 grey gelding by Portrait Gallery (Ire) ex Hot Lips (Ire) (Good Thyne (USA))

### **Kim Bailey Racing Partnership VIII**

Knockanrawley gives the impression he has been here forever, a lovely looking horse who has his own way about racing and when in a good mood has more than enough ability to win races. Last season he started off at Ayr where he finished second but was incredibly unlucky not to win having been badly hampered by the eventual third horse. From there he ran at Newbury and was third in the Mandarin Chase, a race that he won some years ago back in 2014. Sadly the handicapper has never been particularly kind as place form doesn't usually merit a drop down in the weights however, he is now down to a mark of 122 which will certainly give him every opportunity to get back in the winners enclosure.

## **LADY OF THE NIGHT (GB)**

**FORM 320-**

2013 bay mare by Midnight Legend (GB) ex Even Flow (GB) (River Falls (GB))

### **Mr John Perriss**

A real tough homebred filly, the first foal of Even Flow to see a racecourse. Lady of the Night made her debut in a bumper at Ludlow in January finishing a solid third to our own Sea Story before following up with a good second at Warwick in February however, her tack slipped up her neck in the latter and Mikey Hamill was unable to steer her over the final two furlongs. She then went to Cheltenham in April where she pulled too hard before fading out of the picture. She will come back in a little late so we shall start her novice hurdling career after Christmas.

## **LAKE FIELD (IRE)**

**OR 113C    FORM 211366-**

2009 bay gelding by Golan (Ire) ex Rumson Way (Ire) (Petorius (Ire))

### **Martin Kiely**

Lake Field arrived from Ireland last winter on what we thought was a very workable handicap mark and so it proved to be. After looking all over the winner at Lingfield on his debut, he didn't quite stay the two and half miles and finished second. From there we went to Newbury in December over the minimum trip and he bolted up by a very impressive 18 lengths, he followed this up with an easy victory at Catterick 10 days later before the handicapper had his say. He was consistent off his revised mark 12 pounds higher without getting his head in front again and he is still a stone higher than when he arrived but we believe he can win again off this mark on his favoured soft ground.

# Horses in Training

2018-19 SEASON

## LORD APPARELLI

2015 chesnut gelding by Schiaparelli (Ger) ex La Marette (GB) (Karinga Bay (GB))

### The Schiaparellis

We bought this Schiaparelli gelding as an unbroken store at the Goff's Sale in May, he looked a fine, easy going individual and what we have seen of him so far we really like. He has been well broken in at Martin Jones who breaks in all of my horses, he is a full brother to Prince Llywelyn who we like enormously and we rather hope this gelding will be good enough to run in the Doncaster Sales Bumper at Newbury this spring.

## MINELLA WARRIOR (IRE)

FORM /1

2012 bay gelding by King's Theatre (Ire) ex Bobbi's Venture (Ire) (Bob Back (USA))

### Mrs Julie Martin and Mr David R Martin

A good looking horse with a big reputation, he ran very well in his bumper the previous season before missing the entire winter with a niggling splint problem. He came back to us from his owners looking fantastic and made his hurdles debut at Warwick in May; travelling and jumping like a good horse before taking it up at the second last and winning easily. We had planned a summer campaign but, with the ground drying up so much we decided to give him a break. We will try and win with a penalty early on before raising his sights to something a bit better, he is a really exciting horse whose future ultimately lies over fences.

## MISS GEMSTONE (GB)

2014 chesnut filly by Midnight Legend (GB) ex Real Treasure (GB) (Rainbow High (GB))

### The Real Partnership

Another sire who has left us, Midnight Legend's progeny are much sought after by trainers. This homebred filly was here for a short time last season as part of her education, we liked what we saw and she will be aimed at mares' bumpers in the spring unless she comes to hand earlier.

## MON PALOIS (FR)

OR 121H FORM 114450-5

2012 bay gelding by Muhaymin (USA) ex Gastinaise (Fr) (Cadoudal (Fr))

### Mrs E A Kellar

Mon Palois began his season at Worcester in October in a two runner novice hurdle in which he carried his penalty and won without coming off the bridle. We hoped for a big season after this but after boiling over at Cheltenham in October he slightly lost his way through the rest of the winter. We gave him a short break in February and bought him back to finish a real solid fifth under top weight in a competitive handicap hurdle at Southwell, he could probably do with a little help from the handicapper but should give his owners plenty of fun in novice handicap chases this winter.

# RUN YOUR HORSES AT OUR COURSES

RACE ON

# Horses in Training

2018-19 SEASON

## MR GREY SKY (IRE)

2014 grey gelding by Fame And Glory (GB) ex Lakil Princess (Ire) (Bering (GB))

Phil and Gill Andrews

A fine looking horse by the much missed Fame and Glory, who gave us plenty of reasons to be excited with his work in the spring. He was ready to start off in his bumper but once again with the ground drying up we decided not to risk him. Mr Grey Sky will start off with a bumper in October and will probably stick to that discipline this winter, we expect to see him running at the big tracks and to have a seriously bright future

## MR MACHO (IRE)

FORM 6-2

2012 bay gelding by Flemensfirth (USA) ex Accordion Rules (Ire) (Accordion (Ire))

Mrs I C Sellars & Major and Mrs P Arkwright

After sustaining a serious injury as a four-year-old Mr Macho made his debut in a bumper at Bangor on Dee towards the end of April. He was seriously green that day but you could see the penny dropping towards the end of the race where he ran on well. Having schooled very nicely, we decided to crack on over hurdles and he ran an absolute blinder to be second at Southwell in May, jumping really well before getting slightly outpaced and again charging home to give the odds on winner a bit of a fright. By one of our favourite stallions in Flemensfirth, he should continue to progress through the winter and we think there are plenty of races to be won with him.

## NET WORK ROUGE (FR)

OR 122C FORM 232131/PP2

2009 brown gelding by Network (Ger) ex Lychee De La Roque (Fr) (Officiel (Fr))

Mr P J H Wills & Mr D Reid-Scott

Net Work Rouge had just over a year off after winning a three horse race at Huntingdon last April after his first two runs had been disappointing. On his first run at Southwell he looked to be going well until turning into the straight where he pulled up. On that occasion one might have forgiven that it was his first run for a long time but his next run at Worcester was not good. We then gave him a wind operation which seemed to have made a great improvement. He finished second at Bangor on Dee which showed that he was returning to his old form, it was great to see him jumping so well and enjoying himself. He is a horse that hates large fields and being surrounded by other horses, the smaller the field the better and, although he has more than enough ability to win races, needs to prove that he wants to do so.

## NEWTIDE (IRE)

FORM 2-

2013 bay gelding by Getaway (Ger) ex C'Est Fantastique (Ire) (Hernando (Fr))

Lady Dulverton

A lovely big backwards horse by Getaway who was only with us for a short time after coming from Phil Rowley where he had completed his pre-training. He did a few nice canters but once again, with the ground drying up we decided this fine big horse was better off being turned out at grass. He has been very immature but hopefully his owners patience will be rewarded and he is very much a chaser of the future.

## PARTY FUZZ (GB)

2015 bay gelding by Great Pretender (Ire) ex Very Special One (Ire) (Supreme Leader (GB))

**Phil and Gill Andrews**

A horse that we purchased at Goff's Sale in June by a relatively new sire in Great Pretender who is getting great reviews and producing good looking horses. I trained his mother Very Special One who was a very good racehorse and was perhaps unlucky not to win the mares hurdle final at Newbury. She proved very difficult to get in foal when retired from racing and this is only her second offspring to come into training. He is a true athlete who covers a huge amount of ground and might run in a bumper this spring but we will be very patient with him because of his size.

## PEEPING TOM (IRE)

**FORM** PF1-

2013 bay gelding by Morozov (USA) ex Orcadian Dawn (GB) (Alflora (Ire))

**I-Spy Syndicate**

A real hardy looking son of Morozov who we bought from Doncaster sales after winning his third start in a point-to-point. A real strong staying type who clearly goes well on very soft ground and will be heading straight over hurdles as soon as we get some rain.

## POND ROAD (FR)

2014 chesnut gelding by No Risk At All (Fr) ex Califea (Fr) (Nikos (GB))

**No Risk Syndicate**

This French bred four-year-old was showing us all the right signs in his work but just seemed to find things slightly too much when we pushed on towards the racecourse. It was decided best to give him the summer off to mature and he has returned looking stronger and seems to be coping with life much better. Showing all the right signs in his work, he jumps very well and will probably make his debut in a bumper in early October after which we will decide which route to take. He is a horse we like very much for the future.

## PRINCE LLYWELYN (GB)

2014 chesnut gelding by Schiapparelli (Ger) ex La Marette (GB) (Karinga Bay (GB))

**Peter Bennet-Jones**

A giant horse who was very immature and backwards when in training before Christmas but he really started to improve towards the end of the winter, completing some eye-catching work alongside our other bumper winners. Prince Llywelyn was declared to make his debut at Wincanton in late April but bruised his foot on the morning of the race, by the time we had him right to run again the ground had dried up and it was decided best to give him the summer off. It is yet to be decided whether he makes his debut in a bumper or goes straight over hurdles but he is another young horse to keep an eye on.

## RED RIVER (IRE)

OR 145H FORM 131-

2013 chesnut gelding by Beneficial (GB) ex Socker Toppen (Ire) (Great Palm (USA))

### The Red River Syndicate

A really exciting horse who had worked well through the autumn, so it was no surprise when he bolted up on his debut at Wincanton by a very impressive 13 lengths. We then went to Sandown for the Grade 2 Winter Hurdle where he travelled like the winner until turning in but didn't quite get home as well as expected. We gave him a small wind up and took him up to Musselburgh for Trials Day where he won the listed novice hurdle very impressively, despite making two very bad mistakes up the home straight. We planned to go to Cheltenham for the 3m novices' hurdle, only the soft ground that day put us off and unfortunately he picked up a small injury as we prepared him for Aintree. He is back in after a long summer and is working very well, he will go straight over fences and at this stage the sky is the limit.

## RHAEGAR (IRE)

OR 118H FORM 121439-

2011 bay gelding by Milan (GB) ex Green Star (Fr) (Green Tune (USA))

### Mrs Diana L Whateley

We had high hopes for Rhaegar last winter after he won his bumper, finished a good second on his hurdles debut at Exeter and won his second hurdle start at Chepstow. He was then well beaten at Wincanton when odds on favourite under his penalty in January and we really struggled to get him right after that. He has had a full MOT over the summer and we have attempted to iron out any problems he may have had, he will begin his schooling shortly and we still hope he can fulfill his promise over fences this season.

## ROBIN THE RAVEN (IRE)

OR 137H FORM 113F1-3F

2012 bay gelding by Robin Des Pres (Fr) ex Omyrn Supreme (Ire) (Supreme Leader (GB))

### S W Racing

After winning two novice hurdles, Robin the Raven was third under a double penalty at Worcester in September but then came down at the last when looking like being placed in a valuable handicap at the same racecourse a month later. He carried his double penalty to victory in another novice hurdle at Ludlow in November, making it three wins over hurdles. He had a long break through the start of the winter before coming back to make his chase debut at Worcester in May, he really ought to have won but was caught out by the muddling pace and was beaten two and half lengths. He unfortunately sustained an injury when falling at Worcester the following month, which resulted in him having the rest of the summer off. He will be back in full training around Christmas, where he will stick to handicap hurdles and is a horse that should be competitive off this mark in some decent races throughout the year.

# Horses in Training

2018-19 SEASON

## ROCKY'S TREASURE (IRE)

OR 131H FORM 3PP5-4

2011 bay gelding by Westerner (GB) ex Fiddlers Bar (Ire) (Un Desperado (Fr))

Mr John Perriss

We decided to stick over hurdles for another season with Rocky's Treasure and he has done well at a good level. He started off with a good third at Cheltenham in November before losing his way in the winter ground. He finished fifth in a good handicap at Cheltenham in April and fourth in a good race at Warwick before having a summer break. He could do with a little help from the handicapper but will go novice chasing this winter and should do well over a trip.

## ROSE TO FAME (GB)

FORM 0-7

2014 bay filly by Fame And Glory (GB) ex Cinderella Rose (GB) (Midnight Legend (GB))

Jones Broughtons Wilson Weaver

This lovely filly by Fame and Glory is one of only two 4 year olds that we ran last season. She, like many had a difficult winter and in slight desperation we ended up running in an all-weather bumper at Kempton in March, which really did not suit her. When the ground changed we were eager to run but every time we made an entry she was balloted out. At last she was able to get a run at Ludlow at the beginning of this season where she finished seventh of 16 in what looked a very competitive mares bumper. Finishing seventh might give you the wrong impression but she actually ran incredibly well and was only beaten a total of seven lengths. She was very green and inexperienced but there were many more positives than negatives to take out of the race. Rose to Fame's summer off has done her the world of good and she has come back looking a completely different animal. We are more than confident that she will leave last seasons form well behind when she reappears on a racetrack in late October. We will be keen to try her in a bumper before she goes hurdling but that decision will be made nearer the time.

## ROYAL SUPREMO (IRE)

OR 112C FORM 2-P721

2011 bay gelding by Beneficial (GB) ex Slaney Athlete (Ire) (Warcraft (USA))

The Supremes

A real summer horse who unfortunately broke a blood vessel on his chase debut but things have been on the up since then. We decided to give him a run over hurdles at Newton Abbot to build his confidence and he then came back to finish second in a novice handicap chase at Uttoxeter in July to a particularly well handicapped horse, he does love fast ground. He followed this up with an impressive 16 length victory at Southwell and we hope he will be capable of winning of his revised mark.

## SAINTE LADYLIME (FR)

OR 132C FORM 1U2221-

2011 bay mare by Saint Des Saints (Fr) ex Lady Pauline (Fr) (Hamas (Ire))

Paul & Clare Rooney

Sainte Ladylime had another really good winter and started off winning a hot novice chase at Uttoxeter in November. After unseating her rider at Haydock, she was runner up three times before winning again at Wetherby in March. Not the best jumper of fences but a real trier with masses of ability and we'd like to think she could go well in a handicap chase on very soft ground this winter. She has been a real winning machine for connections and we hope she continues running well this season.

## SEA STORY (GB)

FORM U1410-

2013 bay mare by Black Sam Bellamy (Ire) ex Charlottes Web (Ire) (Luso (GB))

**John & Susie Kottler and Emma Buchanan**

Sea Story is a really tough little mare and after a blip on her debut when jinking and unseating her rider at the road crossing, she won convincingly and then finished fourth at Huntingdon. From there she won under a penalty at Catterick and it was probably a step too far at Aintree in the spring. She is a very likeable filly who jumps well and should run well in mares novice hurdles this winter.

## SILVER KAYF (GB)

OR 134H FORM F41310-

2012 grey gelding by Kayf Tara (GB) ex Silver Spinner (GB) (Silver Patriarch (Ire))

**The Lucky Spinners**

Silver Kayf didn't get off to the best of starts in his novice hurdling career when falling at Warwick in October but he got firmly back on track for the rest of the winter with a promising fourth at Exeter on soft ground. He won very nicely at Huntingdon before finishing third in a red hot race at Southwell. We had planned to head to the EBF Final but as his form had worked out so well, the handicapper very annoyingly kept nudging up his mark whilst he was stood in the stable. We decided we had to give the EBF Final a miss and he won a very nice novice hurdle under a penalty at Ludlow in March. He disappointed at Cheltenham on his final run in the spring and we have since addressed a kissing spine problem, he has always been a very promising horse and he is another exciting novice chaser for the winter ahead.

## STATION MASTER (IRE)

OR 130H FORM 131160-

2011 bay gelding by Scorpion (Ire) ex Gastounette (Ire) (Presenting (GB))

**Mrs Penny Perriss**

Station Master had a really good first half of the season, after being placed at Exeter on his hurdling debut he then went on to win his next two novice hurdles in very convincing style. He headed for a listed race at Doncaster at the end of January but the soft ground was against him. He found a Cheltenham handicap a bit too hot at the April Meeting and was ready to jump fences, only for a small set back to mean he missed his intended start. We decided to give him a long summer break and look forward to an exciting season novice chasing.

## SUNBLAZER (IRE)

OR 85F FLAT FORM 131-360

2010 grey gelding by Dark Angel (Ire) ex Damask Rose (Ire) (Dr Devious (Ire))

**Mr Norman Carter**

Sunblazer has been a real star on the flat, he has run consistently well over the last four seasons and his last win was at Newmarket in November of last year. He has a preference for fast ground so the fact that he won at Newmarket rightly suggested it was very firm ground that day. Another couple of good runs over the winter and then a disappointing run at Newmarket in June showed that he was ready for a summer holiday. Now back in full work, he's looking forward to a busy period on the all-weather between now and Christmas and if the ground is suitable perhaps even on grass.

## THE EDGAR WALLACE (GB)

2015 bay gelding by Flemensfirth (USA) ex Annalecky (Ire) (Bob's Return (Ire))

**Phil and Gill Andrews**

Another horse that we purchased at the Goff's Landrover Sale in Ireland, this really is a very special horse by one of our favourite sires Flemensfirth, he has a phenomenal pedigree and is a half brother to Cheltenham Festival winner Black Hercules. A big horse who might run in a bumper in the spring but we will see how he handles training, he is very much an exciting horse for the future.

## THIBAUT (GB)

**FORM** 34-

2013 bay gelding by Kayf Tara (GB) ex Seemayre (GB) (Romany Rye (GB))

**Mr Tim Syder**

Thibault ran very well on his debut at Ludlow finishing a very promising third of 14 and after waiting for more respectable ground, headed to Southwell in February expecting to get his head in front however, the ground had gone very soft and he was well beaten. We diagnosed a small wind problem which has been addressed and we look forward to him going novice hurdling this winter.

## THOSE TIGER FEET (IRE)

2014 bay gelding by Shantou (USA) ex Luca Lite (Ire) (Warcraft (USA))

**Phil and Gill Andrews**

A well bred horse who was showing us all the right signs in his work but was met with a small set back a couple of weeks before heading to Punchestown for his racecourse debut. Those Tiger Feet has had a long summer break and all is ok now, he has come back in looking more mature than last year and we look forward to starting him off in the autumn. It is yet to be decided whether he starts in a bumper but being a sharp sort, he may head straight over hurdles and should have a good winter ahead of him.

## TWO FOR GOLD (IRE)

**FORM** 161-

2013 bay gelding by Gold Well (GB) ex Two Of Each (Ire) (Shernazar (GB))

**May We Never Be Found Out 2**

A fine big gelding who will eventually make into a really smart chaser but in the meantime we could have plenty of fun over hurdles. Two for Gold started last season when winning a bumper in really good style, showing a great turn of foot to win going away. He then ran in what was probably the hottest bumper of the year outside of the Cheltenham Festival at Ascot in December, finishing a very respectable sixth before carrying his penalty to victory at Doncaster in February in good style. He is a very exciting horse for this winter who jumps very well and we look forward to seeing how far he might go over hurdles.

# Horses in Training

2018-19 SEASON

## VINNDICATION (IRE)

OR 149H FORM 1111-

2013 bay gelding by Vinne Roe (Ire) ex Pawnee Trail (Ire) (Taipan (Ire))

**Moremoneythan**

A real star last season, Vinndication started off winning his bumper well at Ludlow in November before going on to win his next three hurdle races, including the listed Sidney Banks Novice Hurdle at Huntingdon in impressive style. That performance pushed him to the forefront of the betting for the Ballymore Novice Hurdle at the Cheltenham Festival but unfortunately we didn't quite make it there, a touch of sore shins was a warning light for us that this very exciting horse had done enough for the season. Vinndication had come a very long way in a short space of time and it was decided a long summer break was required. He will most likely go novice chasing this winter but whatever route we decide to take, this horse is very exciting and we can't wait to get him back on a racecourse, the sky is the limit.

## WANDRIN STAR (IRE)

OR 113C FORM 544742-2

2011 bay gelding by Flemensfirth (USA) ex Kerala (USA) (Sheikh Albadou)

**Mrs Penny Perriss**

Wandrin Star headed to Ffos Las for his hurdles debut where big things were expected however, he failed to handle the very heavy ground and finished fifth in a race which was won by a future Grade 1 winner! Being such a big horse, we decided it was about time he headed over fences and he ran consistently well throughout the rest of the winter, finishing a good second at Kempton in April and another good second at Uttoxeter in May. After a good summer he has matured again and there are surely plenty of handicap chases to be won with him this winter, we think he is an improving horse and one to watch this season.

## WHAT A BALOO (IRE)

2015 bay gelding by Jeremy (USA) ex Luca Lite (Ire) (Warcraft (USA))

**Share My Dream**

We really liked the look of this horse at Doncaster sales in May, he is by the hugely popular, recently deceased Jeremy and is a half brother to a horse we have here, Those Tiger Feet. This combination is probably why we bought him and it was nothing to do with the fact that he was consigned by Oak Tree Farm i.e. our ex jockey Norman Williamson. He has a great pedigree which takes you back to Oscar Whisky and See You At Midnight, this attractive gelding will start off in bumpers in the spring, he is also qualified for the Doncaster Sale Bumper so we could have that to look forward too.

## WINTER GLORY (IRE)

2015 bay gelding by Fame And Glory (GB) ex Winter Shadows (Fr) (Kahyasi (Ire))

[A Sheppard, J Webber, R Sheppard](#)

A very good looking son of Fame and Glory who we purchased at the new Tattersalls Ireland Sale in May. Fame and Glory's progeny really are hugely popular and having seen so many you can see why; they are great walkers and look fine athletes. Winter Glory will be running in bumpers in the spring and looks a horse with a very bright future.

## YOUNEVERCALL (IRE)

OR 143H FORM 17/

2011 bay gelding by Yeats (Ire) ex Afarka (Ire) (Kahyasi (Ire))

[Youneverknow Partnership](#)

A very smart hurdler who unfortunately missed all of last season with the hind leg injury that troubled him after Punchestown in April. Now back in full work he looks fantastic and is showing us all the right signs. We don't see him very often but when we do it tends to be very exciting and so long as he stays injury free, we hope to have him back on a racecourse sooner rather than later. After being off for a year we hope that the handicapper gives us a little bit of help and there are still plenty of races to be won with him.

## HORSES FOR SALE

### ESPOIR DE ROMAY (FR)

2014 bay gelding by  
Kap Rock (Fr)  
ex Miss Du Seuil (Fr)  
(Lavirco (Ger))

If you are looking to be part of a very small syndicate then this imposing son of Kap Rock is the one for you. Kap Rock, was a winning hurdler and his sire, Video Rock is a brother to top sire Kapgarde. Kap Rock's progeny are doing well, he has only had 22 runners but over 70% have either won or been placed. He has produced the promising Crieg Rock, trained by Alan King and we have the fantastic looking bumper winner Diva Reonce, who we like a lot. So Kap Rock is sure to become a very fashionable sire. Espoir De Romay is a fine big horse with plenty of scope, who will be given time to mature but is in training and has already schooled very well. It is undecided yet whether he will start off in a bumper or go straight over hurdles but his future certainly looks to be chasing.

### MASTEEN (FR)

**FORM** 2-

2012 bay gelding by  
Astarabad (USA)  
ex Manson Teene (Fr)  
(Mansonnien (Fr))

A lovely old fashioned type of horse who we bought at the Cheltenham Sales after finishing second in a bumper at Sedgefield. He is a fine big horse who had entries to run at the end of last season but with the ground changing so quickly, we decided to give him a good summer break instead. He has come back in looking fit and well with the plan to go hurdling before he heads for a chasing career, he is a very good jumper and a horse we believe can give anybody involved in him, some seriously fun days out.

## SUBWAY SURF (IRE)

### FORM 1-

2015 bay filly by  
Milan (GB)  
ex Dante Rouge  
(Croco Rouge (Ire))

A very good looking daughter of Milan, who we purchased at the Cheltenham Sale in May, after she won her only start in a Irish point-to-point. A very athletic mover, who has a great pedigree and will certainly make a fantastic brood mare once her racing career is over. In the meantime she could start off in a bumper before going hurdling in either of which she will be very competitive and should win her races.

## BY MOROZOV (IRE)

2014 bay gelding by  
Morozov (Ire)  
ex Lucyjane (Ire)  
(Luso (GB))

Purchased from the Cheltenham Breeze Up Sales along with Balleticon, both were showing good form at home and were almost inseparable in their work. This horse was not quite as far forward and ready to run so we stopped and gave him a good summer out, he has come back in a stronger, more mature individual and looks the type to go and run well in bumpers before going hurdling.

## HORSES FOR SALE

### BY SHANTOU (GB)

2015 chesnut gelding by  
Shantou (USA)  
ex Spanker (GB)  
(Suava Dancer (USA))

Another sire that we are very fond of, Shantou seems to produce tough individuals. This gelding comes from a great winning family, looks very athletic and is one who could be forward enough to run in the Goffs Landrover Sales Bumper next spring at Punchestown Festival.

### BY MIDNIGHT LEGEND (GB)

2015 chesnut gelding by  
Midnight Legend (GB)  
ex Real Treasure (GB)  
(Rainbow High (GB))

We loved Midnight Legend and his progeny, they are tough honest horses and the great beauty is you don't need to have a good pedigree to be a good racehorse when you are by Midnight Legend. Sadly he is no longer with us but this gelding is out of a mare I trained called Real Treasure, who showed us a great amount of ability. Winning three of her nine starts and being placed on four of the others, she was a tough honest mare, who only narrowly failed in her bumper before winning over hurdles. This chap has inherited all of his parents qualities and is certainly the type to win a bumper before going hurdling in a years time.

## BY FAME AND GLORY (IRE)

2015 bay gelding by  
Fame And Glory (GB)  
ex Princess Oriane (Ire)  
(Manduro (Ger))

We just love Fame and Glory as a sire and this chap was purchased at the Landrover Sale in Ireland. He has a great pedigree, is a very free and easy mover and looks the type who might be forward enough to take over to Ireland in the spring to run in the Goffs Landrover Sales Bumper at the Punchestown Festival. We think he is a very nice horse and certainly one with a future.

## HORSE FOR LEASE

## MERGEELA (IRE)

2015 bay filly by September Storm  
(Ger) ex Sweetbriar Rose (Ire)  
(Dushyantor (USA))

[Have Fun Racing Syndicate](#)

### BENEFITS OF LEASING

- No capital outlay for the purchase of the horse
- You receive all the prize money won

Join The Have Fun Racing Syndicate in this 3-year-old filly By September Storm, who is available to lease rather than purchase. This means you only pay for the training and racing costs and nothing for the horse.

Mergeela is from Ballyash Stud in Ireland, where she will return after her racing career. She is a full sister to the very exciting and unbeaten prospect Longhouse Sale, winner of a point-to-point and four bumpers. Mergeela's sire, September Storm is a full brother to Shirocco (sire of Annie Power) and is by top class sire Monsun. He currently only has a small crop of runners but has already produced the unbeaten Longhouse Sale and 147 rated Mia's Storm, winner of six races. Mergeela will probably start off in bumpers before going hurdling next year.
